

## CITY OF SUGAR LAND

Engineering Department

**CIP Project Number:** AP1001

**Title:** Runway Rehab/Repair

**Project Phase:** Design

**% of Phase Completion**

**Design**

--	--	--	--	--	--	--	--	--	--

**Construction**

2011
------

**Cost for this Phase:** \$30,000

**Funding Sources:** Airport Revenues

**Project Manager:** Phillip Savko/TxDOT

**Contractor:** N/A

**Consultant:** KSA

**Project Description:** As identified in the PER (pavement evaluation study AP0802), this project encompasses rehab, cleaning and re-marking of runway, taxiways and all aircraft parking aprons. Rehab may include spall repair, joint and crack sealing, and panel replacement. Will be funded by a 90/10 TxDOT Aviation Grant (with the Airport share being 10% of the total project cost).

**Justification:** Make necessary repairs and preventative maintenance to runway to ensure safety for our customers, and to prolong the life of the runway and airfield pavement.

**Updates:** **October 2009** – This project will begin once the PER is completed for Project AP0802 Pavement Evaluation.

**November 2009** – Awaiting completion of PER.

**December 2009** – Awaiting completion of PER.

**January 2010** –PER in progress.

**February 2010** –PER in progress.

**March 2010** – KSA Engineers and TxDOT Aviation are in the process of negotiating scope and fee for Preliminary Engineering Report.
